Cyber Security Awareness Bulletin:

[Symantec Releases Security Updates](#)

04/19/2016

Original release date: April 19, 2016

Symantec has released security updates to address vulnerabilities in its Messaging Gateway (SMG) Appliance software. Exploitation of one of these vulnerabilities could allow a remote attacker to take control of an affected system.

Users and administrators are encouraged to review [Symantec Security Advisory](#) and apply the necessary updates.
